ABOUT SHANGHAI TANG

**SHANGHAI TANG IS JOYFUL, MODERN,
& EVOCATIVE WITH EASTERN ELEGANCE
AND PLAYFUL IRREVERENCE ROOTED IN CULTURAL AUTHENTICITY.**

Our Story

The story of SHANGHAI TANG begins thirty years ago, with a melange of evocative contrasts, calling to mind Chinese culture, Eastern exoticism, old money, authenticity, mood, and moments in time - putting on a Tang jacket, wearing a Fortune necklace, or smelling our Ginger Flower scent.

Over the three decades since our founding, the essence of SHANGHAI TANG has infused luxury fashion and lifestyle with this unique aesthetic, and the joie de vivre that our founder, David Tang KBE, celebrated with artists, celebrities, and royals to make life a party.

The stars of our story are the men and women who love SHANGHAI TANG and aspire to our the richness of lifestyle, authenticity of our cultural influences, and alluring charm layered with humour, irreverence, and good taste.

Our Collections

The SHANGHAI TANG aesthetic evokes memories and passion, capturing modern romanticism with culture-stained streets, neon lights, lush interiors, and desirable experiences, all layered in timeless luxury, vivid memories, irreverence, and the poetry of fleeting moments. It is a visually rich blend of saturated colours, intimate gatherings, dynamic movement, emotional depth, humour, and irony.

SHANGHAI TANG's aesthetic is joyful, modern, and evocative with playful irreverence and Eastern elegance, infused with cultural overtones spanning millennia and exquisite craftsmanship honed for generations.

Core to our aesthetic is cultural authenticity - the European interpretation of Eastern influences, the Shanghai-inspired art deco and chinoiserie of the 1930s, influences from contemporary art, and the designs of our stores and hospitality, all infused with cultural overtones spanning millennia and exquisite craftsmanship honed for generations.

GINGER FLOWER COLLECTION

Ginger Flower is the original and iconic fragrance series of SHANGHAI TANG which has a rich and personal history entwined with the brand's beginnings when the founder noticed blossoming ginger flowers on his walks around Hong Kong and used to bring them in by hand to decorate and enliven the flagship boutique. The ginger flower motif is also an inspiration behind many artistic and aesthetically-pleasing home decor pieces. Each spring and summer wild ginger flowers bloom profusely in the gardens and untamed landscapes of Hong Kong and across Asia. They are renowned for their delicate and elegant fragrance with hints of citrus as well as for their enchanting, lush silhouettes.

SHANGHAI TANG's Ginger Flower fragrance begins with fresh verdant green leaves in the top notes, leading into warm heart notes centering on the delicate white flower perfume of ginger flower blended with exotic cloves, rosewood, rose, jasmine, and ylang-ylang accents, and finishes with a soothing woody base and musk, leaving a well-balanced lingering aroma and inviting ambiance for any space. In addition to the classic room fragrance products, SHANGHAI TANG's Ginger Flower collection includes picture frames, an enamel jewelry box, and even a coffee cups set based off the ginger flower motif.

TEA FRAGRANCE COLLECTION

Sow a seed in spring, watch it grow in summer. Harvest come autumn, and stow your yield and new seeds away for winter. As seasons change, yin and yang energy flows and the ritual of Chinese tea makes you feel at one with nature shifting. In this spirit and inspired by Asian traditions of tea growing and tea appreciation, SHANGHAI TANG distills the aromatic and therapeutic qualities of tea leaves into our SHANGHAI TANG Four-Season Tea Home Fragrance collection.

The home décor collection includes scented candles and diffusers (Longjing Dew, Oolong Glam, Dian Hong Snow, White Tea Rouge), enamelled photo frames, teacups, and square tea jars made of quality bone china, all adorned with the brand's exclusive "Imperial Tea Garden - Fragrant Tea" pattern. This design illustrates butterflies fluttering among tea trees sprouting golden tea leaves which grow and produce magical fruits, adding a sense of beautiful ritual to contemporary life.

CHINESE GARDEN COLLECTION

The continuation of the Chinese Garden theme is in magnificent, complex, and intricate patterns, while incorporating traditional Chinese elements such as garden scenery, flowers, birds, fish, and insects, as well as decorative art styles such as Western Baroque and Rococo. The blue and white color scheme inspired by jade is simple and elegant, but not plain. The delicate bone porcelain material highlights a clear color, and the golden lines outline the rich and noble bones of SHANGHAI TANG in Shanghai Beach. In addition to tableware, this time we have also launched square jars, jewelry boxes, and cup tea sets, creating a comfortable and cozy corner for people's home space from different dimensions of life.

VIVID DRAGON COLLECTION

The dragon is perhaps the most important of Chinese symbols of good fortune and protection, as the people of China hold a deep rooted belief that they are descendants of the mythical creature. Thus, it is no surprise that the dragon has been one of Shanghai Tang's most prominent symbols ever since the brand's inception. While many Western civilizations regard the dragon as a figure of destruction and malevolence, the Chinese hold it in the highest esteem for its strength, dignity, and power for good.
